

Starting or renewing a subscription

- Logon <http://www.esact.org/amember/> with your username and password.
- Membership history is indicated in the right part of the screen with the expiration date of your last subscriptions.
- With the dropdown “Select Subscription” chose the period you wish to start or renew your membership and the payment system.

 Renewal of membership will start at the expiration date of the last subscription. In some cases we will manually modify the dates after payment.

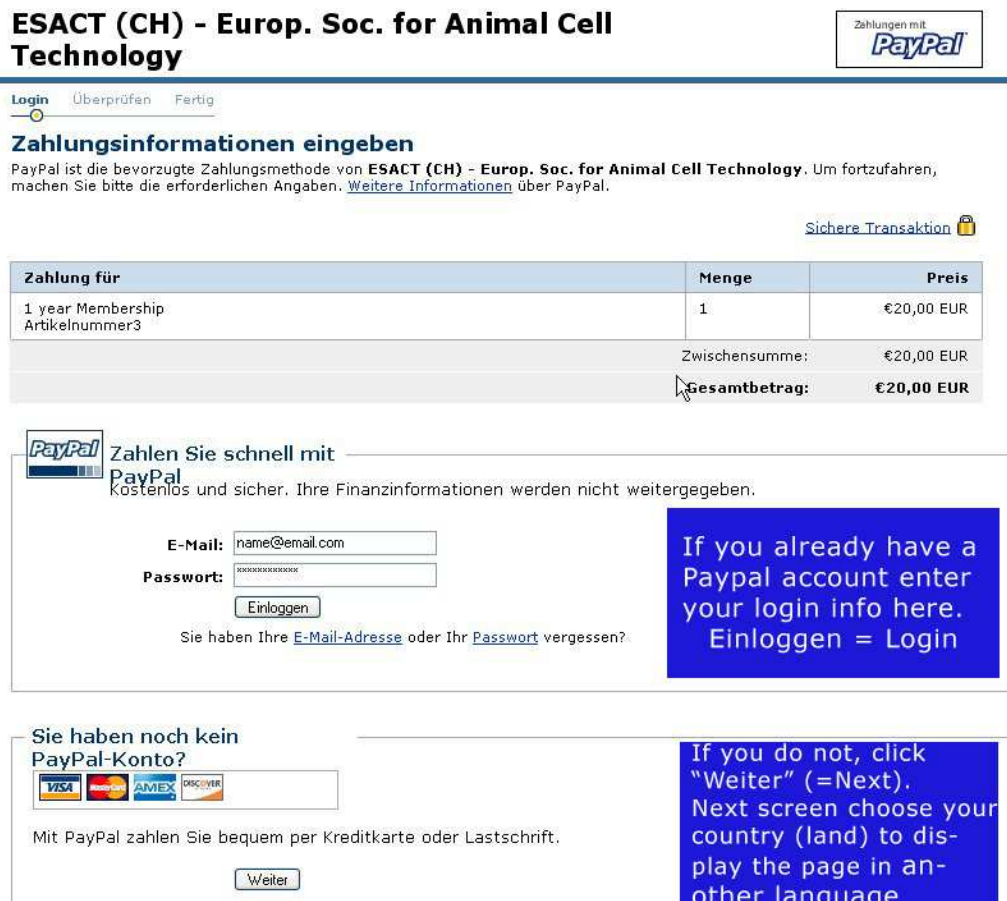

Payment options: Online Credit Card Payment or Bank Transfer

We highly recommend the online credit card payment option because it is the simplest and the quickest. Payments are immediately processed online and the membership is renewed in minutes. With the bank transfer we need to verify payments and activate the membership manually: this will generate a delay (days to weeks) and can potentially generate mistakes.

Online Credit Card Payment with PayPal

We have chosen PayPal for our online credit card payment system because it is a well-established system, secure and reliable. See <http://www.paypal.com/> for the complete documentation.

- Once the subscription and “paypal” is chosen, click the “Subscribe” button.
- You will be redirected on the PayPal secured site (<https://>)
